***Claim Rejections - 35 USC § 112***

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter, which the applicant regards as his invention.

2. Claims 1-10 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Regarding independent claims 1, 5, 7 and 9, Applicant is claiming "one signal representing ***at least one similarity/non-similarity*** in at least a first number of content information," which is unclear to Examiner as to what similarity/non-similarity Applicant is associating with at least a first number of content information. Examiner questions, what is to be similar/non-similar? Claims 2-4, 6, 8 and 10 depend on claims 1, 5, 7 and 9 therefore; claims 2-4, 6, 8 and 10 are rejected as well.
